Information Session

At this session, you will meet Lynda and get an introduction to her training philosophy which is based on behaviour development through clicker training and positive rewards. She will talk about understanding your dog's threshold for training and the principles of reward. You'll be given a list of things to bring to your first class which will include a variety of motivators and a mat and crate. It is important to understand that loose leash walking will be accomplished without choke or prong collars.
